MiCOM Labs File Number: DIGI31

Date: 26 September 2012

Attention: John Schwartz
DIGI International Inc.

Dear Sir,

MiCOM Labs Certification has reviewed the related application document for this device and is pleased to advise you that this device meets Industrie Canada requirements for certification. Please ensure that you retain copies of the original application documents and this certification document for a minimum of 10 years.

The assigned certification number must be shown on each piece of equipment for this model. The certification identification information may be shown on the equipment housing an equipment plate or on a separate label that is indelible and tamper proof. The certification number shall be prefixed with the letters "IC:". The radio equipment is certified as shown on the attached certificate(s). Please be aware that Industrie Canada considers devices labeled incorrectly as NOT being certified and subject to appropriate action.

We have notified Industrie Canada of this certification so that they may record this equipment in the Radio Equipment List (REL) database. Please note that the certified equipment shall not be distributed, leased, sold or offered for sale in Canada before the details of the certification appear in the REL database. This certificate is valid subject to listing on Industrie Canada REL. Listings may be found at the web link below.
