■ **Atlantik: ConnectCore module for
Digi Embedded Linux**

Atlantik Elektronik presents new Digi ConnectCore Wi-i.MX51 for Digi Embedded Linux. With key features such as a dual-display interface and a hardware encryption engine, the module is the ideal choice for a broad range of target markets including medical, digital signage, security/access control, retail, industrial/building automation, transportation and more. The new ConnectCoreWi-MX51 core module based on Freescale's i.MX51 processor enables wired and 802.11n networking for low power embedded applications with demanding performance requirements.
