Digi International (Minnetonka, MN) (**NASDAQ: DGII**) introduces the Digi TransPort VC7400, an enterprise-class virtual private network (VPN) concentrator that provides easy, secure connectivity to large installations of remote cellular or wired devices. It is ideal for retail, financial/ATM, lottery and telemetry applications and features:

- Reliable, high capacity (up to 3000 tunnels) VPN.
- Easily configurable with any Digi VPN cellular router.
- Configurable LCD screen that show status and performance statistics.
- Approved for use in PCI networks for connection to remote POS devices
