Something for Everybody: All-in-One IaaS-PaaS-SaaS
 By Maureen O'Gara
 CloudNinja wrote: I found a great video on this topic which gives a framework of questions to evaluate if you should go to the Cloud and how to assess whether to go IaaS, or PaaS, have a public cloud, a private cloud or a hybrid solution [regardless of who is providing the cloud i.e. Amazon, SalesForce, Windows Azure, etc.] "Bridging the Gap from On-Premises to the Cloud" by Yousef Khalidi: thoughts? hope that helps, -cn

Digi International (NASDAQ: DGII) today announced the integration of the Digi Connect WAN 3G cellular router into NetCase, an on-board ticketing system with a touchscreen PC from NetControl. The French specialist in on-board computer systems for the tourism industry installed the NetCase in 35 of the buses owned by OpenTour, the Société des Lignes Touristiques created by Cityrama, that offers sightseeing tours in Paris, Nice, Lyon, etc. The Connect WAN 3G connects the NetCase to the NetControl servers via high-speed data connectivity over standard cellular networks. Once connected, the NetCase facilitates on-board ticket sales, card payments using payment terminals, the collection of prepaid tickets and vouchers, and the validation of electronic tickets identified by a reservation code (the tickets are validated using a 2D barcode scanner).

"With the recommendation of M2M Design, a French distributor and technical support provider for M2M solutions, we chose this solution from Digi International because it could be implemented almost immediately as it is so easy to connect to our NetCase," says Nicolas Bebawi, Computer Manager at NetControl. "The Digi Connect WAN 3G provides high-quality connectivity with built-in management. Furthermore, the fact that Digi products are used by many retailers and well-established companies was very reassuring."

Thanks to its high-speed mobile connection, Digi Connect WAN 3G

facilitates a rapid, regular and practically guaranteed data transfer. Ticket validation by the server and the transfer of card payment details are carried out in real time, which greatly reduces the time it takes for passengers to board the buses. In addition, the improved data transfer for ticket validation enables the OpenTour Company to protect its system from all types of fraud.

Digi Connect WAN 3G enables data transfer for the complete vehicle fleet management with constant connection to the cash register for sales analysis and validation. It also allows fleet movements to be analyzed in real time by means of data transfer which provides a record of each vehicle's trips.

Nicolas Bewawi concludes: "Thanks to Digi Connect WAN 3G's reliability, the NetCase has become an all-around effective piece of equipment for OpenTour as it manages various operational parameters in real time. Our provision of an on-board computerized ticketing system in the OpenTour buses has become a benchmark for quality and operations in the field of sightseeing tours."

About Digi International

Digi International is making wireless M2M easy by developing reliable products and solutions to connect and securely manage local or remote electronics devices over the network or via the Web. Digi offers the highest levels of performance, flexibility and quality, and markets its products through a global network of distributors and resellers, systems integrators and original equipment manufacturers (OEMs). For more information, visit Digi's Web site at www.digi.com, or call 877-912-3444

TIBCO Uses Free and Cloud for Bait

By Maureen O'Gara

Well you can't beat free and that's what TIBCO's latest cloudware Silver Spotfire is going to be for the next year. It's an on-demand analytical BI system with a chi-chi social component. Users – and TIBCO says that means anyone – can create visual analytics and interactive dashboard...

PC Sales Up Better than 20% in Q2

By Maureen O'Gara

PC sales worldwide were up at least 20% in Q2. Gartner puts it at 20.7%, IDC at 22.4%. IDC thinks that Dell is the number two vendor to HP again. Gartner says, na, Acer's still number two and Dell's still in the number three doghouse. Global sales beat expectations. IDC found des...

The Top 250 Players in the Cloud Computing Ecosystem
By Jeremy Geelan

In the run-up to the next Cloud Expo, 7th Cloud Expo (November 1-4, 2010) at the Santa Clara Convention Center in Silicon Valley, it's time to give my earlier list a complete overhaul. Here, accordingly, is an expanded list of the most active players in the Cloud Ecosystem.

Intel Hits It Up, Up & Away; Delivers Record Quarter
By Maureen O'Gara

In the midst of one of the diciest global economies in generations, with whole countries going bust, Intel has delivered the single best quarter in its 42-year history. The news sparked the tech sector and an erratic Wall Street in general.
